## Celebrating the “All Stars” of The Northeast Florida Healthy Start Coalition

**JACKSONVILLE, Fla., June 4, 2014** – The crack of the bat, the smell of pop corn and the cheer of the crowd, sure signs that it is time for the Northeast Florida Healthy Start Coalition’s, **Rounds at the Grounds, “All Stars”** exhibition softball game. The signature fundraising event is scheduled for Thursday, August 21<sup>st</sup> 2014, just before the Suns take on the Pensacola Blue Wahoos. The popular matchup, now in its fifth year, will challenge area medical professionals to take on popular community leaders from the First Coast. The competition will highlight the importance of getting the community to join together to reduce the area’s high infant mortality rate and improve the health of women, children and families in Northeast Florida.

This year’s theme “**All Stars**” also celebrates the great work of those who have supported the Coalition’s efforts for more than 20 years. “This is an event we look forward to every year to celebrate the achievements we are making towards saving babies, strengthening families and building communities,” said Jennifer Gornto, Executive Director, Northeast Florida Healthy Start Coalition. “Infant mortality is considered a sentinel indicator of the health of a community. The money raised for this event will help to support the sustainability of key Coalition activities that improve the health of families living in Northeast Florida.”

The **2014 Rounds at the Grounds, “All Stars”** festivities are scheduled to begin at 4:45pm on Thursday, August 21<sup>st</sup> 2014, at the Baseball Grounds of Jacksonville, followed by the Suns versus the Pensacola Blue Wahoos. Tickets are specially priced at \$10.50, the game will last approximately 1 hour and admission to the Jacksonville Suns game is included. ### **The Northeast Florida Healthy Start Coalition, Inc.**

The Northeast Florida Healthy Start Coalition, Inc. was organized in 1992 as part of a statewide network of community-based organizations to reduce Florida’s high infant mortality and improve the lives of pregnant women and their families. The group is governed by a volunteer board, which allocates state funding and provides oversight to local agencies that deliver services to pregnant women and families of newborns. The Coalition covers Baker, Clay, Duval, Nassau and St. Johns counties.
